Geoshield reserves the right to have an agent of its choosing inspect the affected window and film before approving a claim. Buildings with a prior history of seal failure or thermal glass breakage are not eligible for coverage. In the event of multiple failures, Geoshield reserves the right to remove its film and compensate the customer for the amount film deemed to be defective plus the damages covered by the Geoshield glass coverage warranty. Coverage for glass breakage and seal failure is limited to the duration of the window manufacturer's seal warranty or the time period of Geoshield's unit seal warranty coverage, whichever is shorter. Coverage is void under any circumstances without proof of the window manufacturer's warranty coverage and the original film installation invoice.
