

Geoshield proudly warrants professionally sold and installed Geoshield brand Paint Protection Film for a Period of 10 years from purchase date. Geoshield warrants its paint protection film against discoloration, peeling, adhesive failure, cracking, delaminating, oxidation and corrosion. This warranty shall only extend to the replacement of new Geoshield Paint Protection Film for the original owner of the vehicle.

This warranty does not cover damage caused by neglect, accidents, application error, normal wear and tear, dents from impact, swirl marks, marring, scratches, scuffs, scrapes, chips to the painted surface, hard water spots, damage from automatic washes or improper wash techniques. This agreement excludes vehicles used for commercial purposes.

Ceramic Top coat may lose hydrophobic properties after 12 months due to contamination or environmental exposure. Annual maintenance is required to maintain warranty. Annual wash must be carried out by authorized Geoshield installer, within 12 months of purchase. Failure to undertake an annual maintenance will void warranty. Annual maintenance may include exterior wash, decontamination and inspection and possible reapplication of ceramic coating. Authorized Geoshield Dealer will set fee for annual maintenance

This warranty only applies to manufacturing quality. The installing dealer is solely responsible for the quality of installation on your vehicle. Geoshield and/or Installer must be notified of any claim due to failure of product performance within 30 days of occurrence; Geoshield is not liable in any manner whatsoever for injury, losses or damages related to the use of this product.

Any customer desiring warranty service should contact their nearest authorized Geoshield dealer or contact Geoshield directly through its website, www.geoshieldusa.com. This warranty is only provided to the original customer and is nontransferable. Warranty registration, invoice and roll number is required in order to process any claim. In order to register this warranty please visit www.geoshieldusa.com/PPFWarrantyRegistration.html

Instructions for Care

Directions:

- Do not wash the car for 7 Days after installation date.
- Do not wash the edges of the film with high pressure washer directly. It may cause lifting. Pressure washer nozzle should be at least 1.5ft away from the car with maximum 25 degree nozzle.
- Hand washing is recommended. Avoid automatic washes. Use only touchless automatic washes.
- Apply SIO2 based maintenance spray and wipe it off with a clean microfiber towel after every wash according to directions written on the bottle.
- Remove stains as soon as possible. Do not allow them to dwell for extended periods.
- Never wash in direct sunlight and dry completely to avoid water spots.
- Use a mild car wash soap safe for ceramic coatings to wash the car.
- Do not use abrasive cloths, pads or harsh chemicals. Avoid cleaner waxes or dyed waxes.
- Do not polish or compound.
- Failure to commit to regular maintenance every 12 months will void warranty.
- If there are any claims, you should contact the nearest Geoshield certified center for examination and maintenance.
- PPF Film may take up to 4 weeks to fully cure.

Invoice or Warranty Card are required to request maintenance
